Shiloh Charter School

December 5, 2011

Dear Parents/ Guardians:

Our school Science Fair will be in the gym and open for viewing on Tuesday, December 13th. Judging will be on Wednesday, December 14th and Thursday, December 15th. Winners who will be going to the district Science Fair will be announced on Friday, December 16th. We are excited to provide this valuable opportunity to our students and hopefully we will have winners again at the district Science Fair on February 7, 2012.

We will need many judges for our projects. The judging can be done anytime from 7:30-4:00. The judging is really very simple to do. Each judge will be given approximately 10 projects to judge. The judge will also be given a form or rubric to use when judging the project. Our judges were very complimentary last year and said it was a very enjoyable experience.

If you would like to be a judge, please complete the bottom portion of this letter and return it to your child's teacher or call Jennifer Hess, our school secretary, at 707-1060 by Friday, December 9th. Thanks again for helping us in this great educational experience.

Thank you,

Shirley R. Sanchez
Principal

I will be a judge for the 2011 Shiloh Science Fair.
